Data Request 3

Dear Ms. Rathbun:

The Washington Utilities and Transportation Commission (Commission) has received your filing for changes to your tariff for your irrigation business. To help us understand your current situation, please answer the following questions:

1. Gravel was purchased throughout the year for dust control throughout the company's service area. Which company owns the easements that the gravel is used on, CMLLC or SVWW?
2. Landscaping was installed around the irrigation pond. Which company owns the pond, CMLLC or SVWW?
3. Was the fence installation charged to SWVV installed around the domestic water pumphouse? Which company owns the pumphouse, CMLLC or SWVV?

Commission staff is arranging for this filing to be on the open meeting agenda of June 25, 2009. Data request responses, discussions, and analysis need to be completed before June 10, 2009 for staff to prepare materials for the meetings and to avoid any delays in the effective date of this filing. **Please respond to these questions by May 29, 2009.** I look forward to continued work with you. If you have any questions, please contact me at awhite@wutc.wa.gov or (360) 664-1247.

Sincerely,

Amy White
Regulatory Analyst, Water
